

Department of Pediatrics
Core Curriculum Fellow Lecture Series
7am - 8am, Room HD-103

Date	Topic	Speaker	Progress
02/08/06	Evidence-based Medicine - asking a question and effectively searching for evidence	Dr. Zaritsky Professor and Chief Peds Critical Care Medicine	Scheduled
03/08/06	Cancelled- Peds Science Day	Canceled	Canceled
04/12/06	Study design for clinical research, basic elements in testing a hypothesis, informed consent	Dr John Shuster Professor of Statistics GCRC, UF	Scheduled
05/10/06	Adult learning, teaching individuals, assessment of educational outcomes	Dr Bill Slayton Assistant Professor Peds Hematology Oncology	Scheduled
06/14/06	Writing and presenting a research abstract	Ikram Haque, MD Assistant Professor Peds Critical Care Medicine	Scheduled
07/12/06	Descriptive statistics, comparisons between groups using parametric and non-parametric statistics and linear regression	Meenakshi Devidas, Ph.D Asst Prof and Co-Director COG Statistics & Data Center	Scheduled
08/09/06	Relative risks and odds ratios, confidence intervals, adjustment of confounding, rates and standardized mortality ratios, Kaplan Meier survival curves, sample size calculation	Meenakshi Devidas, Ph.D Asst Prof and Co-Director COG Statistics & Data Center	Cancelled
09/13/06	Writing a research paper	Betsy Shenkman, Ph.D Professor and Chair, Department of Epidemiology and Health Policy Research Director, Institute for Child Health Policy	Scheduled
10/11/06	Reviewing articles about systematic reviews/Meta-analysis	Dan Salmon, Ph.D Associate Professor, Department of Epidemiology and Health Policy Research	Scheduled
11/08/06	Grant fundamentals II - Funding sources, introduction to the NIH, budget	David Burchfield, MD Professor and Chief Neonatology	Scheduled
12/13/06	Grant fundamentals I - hypothesis, abstract, specific aims, background and significance, methods	Kelli Komro, Ph.D, MPH Associate Professor, Department of Epidemiology and Health Policy Research	Scheduled

01/10/07	Relative risks and odds ratios, confidence intervals, adjustment of confounding, rates and standardized mortality ratios, Kaplan Meier survival curves, sample size calculation	Meenakshi Devidas, Ph.D Asst Prof and Co-Director COG Statistics & Data Center	Scheduled
02/14/07	Microskills of Clinical Teaching	Hernandez, Caridad A. MD Asst Professor Department of Medicine UF	Scheduled
03/14/07	Effective Feedback Skills and Evaluation	Hernandez, Caridad A. MD Asst Professor Department of Medicine UF	Scheduled
04/11/07	No Lecture		Cancelled
05/09/07	Evidence based Medicine - How to review therapy Article	Jai Udassi, MD Fellow, Pediatric critical Care and Cardiology	Scheduled
06/13/07	Breaking Bad News	Ikram Haque, MD Asst Professor Pediatric Critical Care Medicine	Scheduled
07/11/07	No Lecture		Cancelled
08/07/07	Sleep Deprivation	Timothy Flynn, MD Associate Dean College of Medicine University of Florida	Scheduled
09/12/07	No Lecture		Cancelled
10/24/07	Patient Safety Issues	Arno Zaritsky, MD Professor and Chief Peds Critical Care Medicine	Scheduled
11/07/07	Searching for Evidence	Arno Zaritsky, MD Professor and Chief Peds Critical Care Medicine	Scheduled
12/12/07	Preparing an Effective Scientific/Medical Lecture	Patrick Duff, M.D. Professor and Residency Program Director Associate Dean for Student Affairs University of Florida	Scheduled
01/09/08	The Power and the Peril of Powerpoint	William Winter, MD Professor Department of Pathology University of Florida, Gainesville	Awaiting Confirmati on
02/13/08	Quality Assurance/Quality Control	William Winter, MD	Awaiting

		Professor Department of Pathology University of Florida, Gainesville	Confirmati on
	Leadership skills		
	Basic science, Western, Southern blot and other geography lessons		
	Using reference databases - practical review of EndNote		
	Institutional Review Board, available resources		
	The language and practice of bioethics, fundamentals of the doctor-patient relationship, goals of medicine, professionalism		
	Withholding and withdrawing of life sustaining therapies, end of life issues, advanced directives, medical futility		
	Group learning		
	Evidence-based Medicine - reviewing articles about diagnosis, prognosis
